

# Aaryan Kumar Thakur

Chandigarh, India

Email: [aaryankt.work@gmail.com](mailto:aaryankt.work@gmail.com)

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## Education

**St. Anne's Convent School**

10th Standard

12th Standard

**Punjab Engineering College**

Bachelor of Technology in Electronics Engineering (VLSI Specialization)

Chandigarh, India

9.62 CGPA

9.02 CGPA

Chandigarh, India

2029

## Technical Skills

**Programming Languages:** C++, Python, JavaScript, TypeScript, SQL

**Web Technologies:** HTML, CSS, React, Django, FastAPI, Node.js

**Databases:** MySQL, PostgreSQL

**Data Science & ML:** Scikit-learn, TensorFlow, PyTorch, NumPy, Pandas, Matplotlib, OpenCV, MediaPipe

**Tools & Platforms:** Git, GitHub, Linux, Notion

**Core Competencies:** Database Systems, SQL, Machine Learning, Computer Vision, Data Analysis

## Projects

**Portfolio Website**

[aaryankt.netlify.app](https://aaryankt.netlify.app)

- Developed a responsive personal portfolio website using React and TypeScript
- Implemented modern UI/UX design patterns for optimal user experience across devices
- Deployed on Netlify with continuous integration for seamless updates

**Hand Tracker using Computer Vision**

- Built a real-time hand tracking system using Python, OpenCV, and MediaPipe
- Implemented gesture recognition algorithms for tracking hand landmarks and movements
- Achieved accurate detection and tracking with optimized performance for real-time applications

## Competitive Programming

**LeetCode**

[leetcode.com/u/kaiz2006](https://leetcode.com/u/kaiz2006)

- Active problem solver on LeetCode with consistent practice in data structures and algorithms
- Strong focus on problem-solving efficiency, algorithmic optimization, and code quality
- Proficient in C++ and Python for competitive programming challenges

## Additional Information

- **Areas of Interest:** Backend Development, Database Architecture, Machine Learning
- **Current Focus:** Building scalable backend systems with SQL databases and API development
- **Soft Skills:** Problem-solving, Team Collaboration, Continuous Learning, Analytical Thinking
